

ROYAL WESTMORELAND

St. James, Barbados

TUNNELL-SPANGLER-WALSH & ASSOCIATES

In 1992, Pemberton Hotels selected Tunnell-Spangler-Walsh & Associates to prepare a master plan for a 450-acre country club community near their prestigious Royal Pavilion and Glitter Bay Hotels on the Platinum Coast. The plan features a 27-hole Robert Trent Jones, Jr. golf course, and totals approximately 400 units.

Our contributions to the project included master planning, clubhouse site planning, conceptual design for residential products, design guidelines, and golf course landscape architecture.

Currently, TSW is working on an expansion plan for the adjoining Lancaster Plantation, which will include an 18-hole course designed by Rees Jones and a neotraditional village to be built around the redeveloped sugar mill.
